## Chronology of LIFE CHIROPRACTIC COLLEGE

---

1974 (July 3): letter to **Leonard W. Rutherford** DC at **ICA** located at 741 Brady St., Davenport IA, from Ed S. Ambrose, MEd, D.C. of **Life Foundation, Inc.**, (Headquarters: 3220 Bankhead Highway, Lithia Springs GA) at Box 37 Austel GA (CCE Archives):

Dear Dr. Rutherford:

Occasionally we at **Life Foundation** are faced with questions concerning chiropractic colleges and so forth. Can you help us? We realize that some chiropractic colleges are designated as being accredited by the ICA whereas others obtain similar accreditation from the ACA.

Would you please furnish us a list of the requirements which a college of chiropractic must meet in order to receive such accreditation from the "International Chiropractic Association". Is there a minimum specific course of study which must be followed? If so, what specific courses are required and what are the elective courses if any. What are the pre-requisites for entrance to an accredited chiropractic college?

Is such a composite catalog available from your office or from what colleges? If so, will you kindly furnish us with a copy of such?

Thank you for your kind attention to this matter.

Sincerely,....

ESA/pk

Dear Dr. Ambrose:

Thank you for your letter of July 3 requesting information concerning **ICA's** approval of the chiropractic college process.

**ICA** approves those colleges which are accredited by the **Association of Chiropractic Colleges** (ACC). With this in mind you should contact the Secretary-Treasurer of the ACC for specific information as to standards, etc. His name and address are as follows:

Ernest G. Napolitano, D.C., Pres.  
Columbia Institute of Chiropractic

261 W. 71st Street  
New York, NY 10023

Please let us know if we can be of further help.

Sincerely,

JFM/jks
