Chronology

1920 (May): **Missouri Chiropractic College** is founded as a proprietary school by **Henry C. Harring** DC, MD, Dr. Robert Colyer and Dr. Oscar Schulte in St. Louis MO (Rehm, 1980, p. 300; Harring, 1950)

1921 (Feb 19): **Fountain Head News** [A.C. 26] [10(23)] includes: -announcement (p. 16):

The Palmer School of Chiropractic has NO Branch Schools

The Sunday Call (Newark, N.J.) of January 30, 1921, contained an article about the new home just purchased, of The **Eastern College of Chiropractic**. In this article it said:

"The **Eastern College of Chiropractic**, A BRACH OF THE ORIGINAL PALMER SCHOOL, **was organized in January, 1918.**"

Be it said to the credit of Dr. **Kightlinger**, this is a newspaper error; nevertheless it cannot go unrefuted.

The **Missouri Chiropractic College** has been frequently quoted as being "a branch school of The **Palmer School**." From all reports that I get and from the correspondence reaching me, I am told that nothing is DIRECTLY SAID which substantiates that, but innuendos and inferences are made which LEAD PEOPLE TO THINK THAT.

THE MISSOURI CHIROPRACTIC COLLEGE IS NOT A BRANCH OF THE PALMER SCHOOL.

The **Texas Chiropractic College** advertises to use "Palmer Methods" and "Palmer Textbooks", both of which may or may NOT be true. They maintain they do. Reports from outsiders are to the contrary. That matters not here. The one point to be made at THIS time is that

THE TEXAS CHIROPRACTIC COLLEGE IS NOT A BRANCH SCHOOL OF THE PALMER SCHOOL.

Other schools over the country have found it profitable to use REAL Chiropractic - which IS the kind The Palmer School of Chiropractic HAS BEEN TEACHING SINCE 1895. They have found it to THEIR advantage to profit from OUR national publicity and advertising campaigns on STRAIGHT Chiropractic. They KNOW the reputation WE have made; they propose to build upon the SAME basis. Their ambition is laudable; their methods noble, providing IN THE DOING OF THE SAME THEY DO NOT MISLEAD THE PURCHASER TO THINK THEY ARE A BRANCH SCHOOL.

THE PALMER SCHOOL OF CHIROPRACTIC HAS NO BRANCH SCHOOLS, NOWHERE, NO-TIME. IF we ever get ready to go into the Branch School idea, we'll let the profession know squarely from us direct, first.

The **Palmer School of Chiropractic**, nor no person connected with it from BJ down, have One Dollar invested in ANY OTHER SCHOOL no matter where it is located, no matter who states to you to the contrary.

We hope that all chiropractors will spread this information.

There is only ONE Palmer School - Davenport, Iowa.

There CAN BE BUT ONE "Palmer School" - Davenport, Iowa.

Because there is only ONE "B.J. Palmer" - Davenport, Iowa.

1922 (June): **The Missouri News** (1[1]), published by the **Missouri Chiropractic College** at 1023 North Grand Avenue, St. Louis MO; the College features "Palmer Method":

- "Medicine vs. Chiropractic" by Robert E. Colyer DC, PhC (pp. 1, 4)

- "The purpose of this publication is to promote the interst of straight, unadulterated Chiropractic, and to afford a means of discussing various problems concerning the Chiropractic profession. Advertising rates furnished upon request." (p. 2)

- "The Value of a Thorough Training" by HC Harring DC, MD (p. 2)

- letter to Robert E. Colyer from MoCC grad DH Welbon DC, PhC of West Frankfort IL (p. 3)

- "Progress" (pp. 4-5):

The Missouri Chiropractic College has just passed its second year. We paused a while midst our work sometime ago to recount the accomplishments of those two years. Born of a desire to elevate the standard of Chiropractic efficiency, the growth of the Missouri Chiropractic College has been proportionately as rapid as any institution of its character in existence. Two years ago we had five small rooms and twelve students. Since that date it has been necessary to increase our facilities on a number of different occasions to accommodate our ever-increasing student body. We now have 250 students in actual attendance, and our facilities are such that we are in a position to accommodate 500. We believe this growth is due to the fact that we are holding steadfastly to the basic foundation stones upon which our science is builded.

Fifty-eight students graduated in the 1922 Class, and appropriate exercises were held in Moolah Temple, of St. Louis. Three thousand relatives and friends attended as guests of the graduates and faculty...

In order to surround the exercises with a dignity so necessary to its success and to lend an atmosphere of a historic and intellectual nature, B.J., of Davenport, was the honored guest....

Cecil C. Lewellen, as Salutatorian of the 1922 Class, in a well-chosen address of welcome immediately gave the vast assemblage a feeling of good fellowship.

After several musical numbers, rendered by graduates and students of this College, Henry C. Stohlman delivered the Valedictory address. The wisdom of his words and the sincerity of his well-prepared address will live long in the memory of those who heard him.

President Colyer, as master of ceremonies, with a few well-chosen remarks, introduced the guest of Honor, B.J., of Davenport, Iowa...

unnecessary and impractical in view of the existing organization, the Universal Chiropractors' Association; and,

WHEREAS, the Universal Chiropractors' Association by its service to Chiropractic in the past, has proven itself worthy and capable in every respect; and,

WHEREAS, the future of Chiropractic depends greatly upon its organized strength and unity of action, our purpose should be to strengthen the Universal Chiropractors' Association, which has served our interests fairly and unselfishly; therefore be it

RESOLVED, that we, the members of the Summit Chiropractors' society, assembled in Akron, Ohio, this 11th day of July, Nineteen Hundred and Twenty-two, do hereby express our opposition to any new national body, and we heartily endorse the Universal Chiropractors' Association as an organization of strength and experience, to which we pledge our undivided support; and be it further

Roling, Ritter and Harring in St. Louis; CS closes: "Anxiously awaiting further orders, I am..." (Cleveland papers-CCC/KC)

1927 (Mar 3): CS Cleveland writes to **BJ**, notes his "local" perspective on efforts to eliminate physio-therapy from chiropractic profession; notes local attitude of DCs is that battles among schools retards passage of chiro legislation; believes state boards (including "Ellsworth of Oregon or Washington", Anna Foy of KS, mother-in-law Dr. Ashworth of NE) will pass broad scope laws "use the whip" unless straight schools unite under **CHB** or **PSC**; believes if this unification of straight schools took place and "Model Bill" with standard curriculum were adopted, the osteopaths and medical boards would be less contentious towards chiropractic; notes "Gruenewald of the Seattle College, and Harring of the Missouri saw the necessity of such an alliance a few months ago....I believe that Palmer, Texas, Eastern, Missouri, Lincoln, Ross, Universal, Seattle, Doughty-Marsh, Standard, Ratledge and this school could agree. Carver and the Colvin and other little hole in the wall schools that follow him are hard to handle and could not agree on definition, etc." (Cleveland papers, CCC/KC)

1931 (Mar 7): letter from E.J. Smith DC, President of **Metropolitan Chiropractic College** (at 3400 Euclid Ave, Cleveland OH), to **Stanley Hayes** DC (Hayes collection):

Dear Dr. Hayes:

Received your letter today, and will state that the **Blodgett College** is no longer functioning. It went out of business shortly after the first of the year. He had this school in his own office in a downtown building, and to my knowledge he had about eight Chiropractic students and twelve Massage students. While the school was functioning, his graduates were admitted to the State Board of Ohio. Inasmuch as he was primarily interested in building up a big private practice, he discontinued his school.

Dr. **Blodgett** sold his good-will to a dentist, a Dr. Snevel, who is now conducting, not a Chiropractic college, but a school of massage and Mechano-therapy only. At the present writing he has eight massage students, comprising his entire school, and is doing no Chiropractic teaching whatsoever.

As far as we are able to tell, we are the only school in Ohio teaching Chiropractic. The **Akron College of Chiropractic** closed its door some little time ago, and we have made arrangements with the former owner to take over all prospective students that desire information from the old **Akron College**.

We have our new catalog on the press now, and as soon as it is finished, we will mail you a copy, or several copies if you desire. Our school is going along very nicely and we look forward to a very successful year. We are now making arrangements to teach colonic irrigation.

If we can be of service to you in any other way, kindly call on us.

Sincerely, THE METROPOLITAN CHIROPRACTIC COLLEGE, INC.

1931 (Mar 30): letter from **Homer G. Beatty**, DC, on **Colorado Chiropractic University** stationery (at 1631 Glenarm Place, Denver), to **Stanley Hayes** DC (Collected papers of Stanley Hayes DC):

Dear Dr. Hayes:

I wish to thank you for your letter of March 24th and the splendid information it contained.

The three schools who have not answered you average about forty students enrollment I think, as I have been in touch with each of these schools within the past year.

Since our list of schools totals thirty-seven I shall enclose a copy of such list. It may help each of us to make our lists more complete.

I am awaiting with interest the next issue of the Bulletin. Again thanking you for your co-operation, I am, Sincerely your,...
