1939 (Jan 9): Lillard T. Marshall DC sends Dr. Ashworth copy of charter and by-laws of the International College of Chiropractors, notes that she, as a member of the NCA's Gavel Club, is also a member of the board of trustees of the ICC (Ashworth papers-CCC/KC)

Dr. Sylvia Ashworth
Lincoln, Nebraska
Dear Dr. Ashworth:

I am sending you herewith a copy of the Charter, Constitution, and By-Laws of the International College of Chiropractors. You will note from the enclosed that the International College is now a legally chartered, regularly organized, and active institution. We are now doing business and will continue to move along as rapidly as possible. The next order of business is to select a faculty. I am herewith submitting a list of names for the first faculty. I shall expect each of you to write me by return mail your approval of this list, either in its entirety or as many thereof as you desire to approve. The faculty and present officers will serve until our regular election in July which will take place at the Dallas convention.

As soon as I receive a vote I shall immediately notify each faculty member of his election and explain to him what his duties are and what the purposes of the International College of Chiropractors are. I am taking the liberty of handling this correspondence direct instead of relaying it through the Secretary’s office in order to save time and to facilitate matters. When the organization has been completed, all correspondence will then be handled direct by the Secretary in due and regular form.

The officers of the College for the period to our next convention are: Lillard T. Marshall, President, O.L. Brown, Vice President, Harry K. MclRoy, Secretary and Treasurer, and all members of the Gavel Club constitute the Board of Trustees. So, for the present, each of you are a Trustee and constitute the governing body of the College.

When we meet in Dallas the certificates will be there and each of you will receive your degree and we will be in a position to award the degrees and issue certificates as the College may choose to award.

I hope each of you appreciate this organization and recognize the fact that it is composed of men and women who have been chosen for their outstanding leadership, for their intellectual ability, for honesty, square dealing, and for their willingness to serve the cause which we espouse. Each and every member of the College has been chosen by
the Chiropractors of the nation to the high office of President or Vice President of a national organization, and each of the members of the faculty has been elevated to that high position of Dean or President of our leading Chiropractic Colleges. I can think of no group of men and women who would be better qualified to pass on the eligibility of the members of our profession and to confer upon them a degree of honor in recognition of their contribution to the Chiropractic cause.

Waiving further ceremony I wish you all a happy and prosperous New Year. Awaiting your early reply I am

Sincerely yours,
Dr. Lillard T. Marshall

LTM:BB

-attached is list of proposed faculty members for ICC:

Dr. Harry Vedder
Dr. Craig Kightlinger
Dr. Carl Cleveland
Dr. J.L. Steinbach
Dr. E.J. Smith
Dr. A. Budden
Dr. Willard Carver
Dr. James R. Drain
Dr. Robert Ramsey
Dr. H.C. Harring
Dr. H.G. Beatty
Dr. Omer C. Bader

1940 (Sept): National Chiropractic Journal [9(9)] includes:

-photograph & caption (p. 19):

Chiropractors of Minneapolis were first to go over the top on button sales and adopted the slogan, “Keep smiling with an Aquatennial button.” Left to right above are Dr. O.W. Whittenberg, button caption and convention committee man; Dr. L.M. Rogers, Webster City, Iowa, national secretary, and Dr. Robert Ramsey, president of the state association.

1941 (Jan 2): “Regular Meeting of the Board of Trustees” of LBCC (Logan Archives); includes:

Dr. John A. Schnick, President, proudly displays passport to Dr. Robt. Ramsay, Convention Chairman, who greeted him at the airport upon his arrival on Saturday evening, just in time to preside at the International College Banquet.
Dr. Hugh B. Logan reported on his interview by Mr. Bruge, president of the board of directors of the Minnesota Chiropractic College, Minneapolis, wherein he sought to have Basic Technique incorporated in the curriculum of the Minnesota College. And, having visited the college and made an investigation of its physical properties, Dr. Logan reported that he was favorably impressed with Mr. Bruge’s request. He also reported that, at the present tie, there is being made an investigation Mr. Bruge’s general business and professional standing.

1941 (Aug 1): undated “List of Approved Colleges” (CCE Archives):

Here follows a list of Chiropractic colleges which have received provisional, approved ratings by the National Committee on Education as of August 1, 1941.

LIST OF APPROVED COLLEGES

Detroit Chiropractic College, Detroit, Michigan
Eastern Chiropractic Institute, 55 W. 42nd St., New York, N.Y.
Lincoln Chiropractic College, 633 N. Pennsylvania St., Indianapolis, Ind.
Metropolitan Chiropractic College, 3400 Euclid Avenue, Cleveland, Ohio
Minnesota Chiropractic College, 3008 42nd Avenue S., Minneapolis, Minn.
Missouri Chiropractic College, 3117 Lafayette, St. Louis, Missouri
National College of Chiropractic, 20 N. Ashland Blvd., Chicago, Ill.
New York College of Chiropractic, 55 W. 42nd Street, New York, N.Y.
Southern California College of Chiropractic, 1609 W. 9th St., Los Angeles, Calif.
University of Natural Healing Arts, 331 14th St., Denver, Colorado
Universa Chiropractic College, 121 Meyran Avenue, Pittsburgh, Pa.
Western States College, 1536 S.E. 11th St., Portland, Oregon

1947: Declaration of Purposes and Intentions of the American Chiropractors’ Legal Action Committee, signed by trustees James N. Firth, D.C., Vinton Logan, D.C., Dave Palmer, D.C., H.E. Weiser, D.C. and John B. Wolfe, D.C. (in my Wilk file); calls for DCs to press for equal privileges with medicine re: hospital access, government grants; notes founding of Committee on 19 April 1947 at Hotel DeSoto in St. Louis

1948 (July): National Chiropractic Journal [18(7)] notes:

“North Dakota: New officers are elected” (p. 52) notes:

...Dr. DeRusha of the Northwestern College of Chiropractic spoke on cranial nerves, their reflexes, their interpretation and clinical manifestation. Dr. DeRushia [sic] further lectured on the important subject, “Diagnosis and Treatment of Intervertebral Disc Lesions.”

1948 (Aug): National Chiropractic Journal [18(8)] includes:

- John B. Wolfe, D.C., dean of NWCC, authors “Ethics at Northwestern” (p. 20)

1950 (Jan): JNCA [20(1)] includes:

- full page ad for NCA “Accredited Chiropractic Colleges in the United States and Canada” (p. 29) includes: CMCC, CINY, Lincoln, Logan Basic, LACC, National, WSCC and NWCC; listed as “ Provisionally approved colleges” are: Carver, Kansas State and Missouri

1950 (Mar/Apr): Research News! (published by IBTRI) includes:

Dr. B.F. (Barney) Lee was born in Nashua, New Hampshire in February of 1892. He served in the First World War for some time during which time he met the present Dr. Lucile, then serving in the Army Nurse Corps. They were married shortly after being discharged from the Army. Less than a year later, Dr. Lee was out in Montana, a state where he spent much of his youth, when he was stricken with tuberculosis of the lung. He was given up by the medical doctors as a lost cause with only a few short months to live, when he turned to Chiropractic. He recovered seemingly miraculously and shortly thereafter enrolled at P.S.C. Barney and Lucile graduated after eighteen months of schooling in 1921 following which they decided on Minnesota as a permanent location.

Dr. Barney was one of the first group of field men to recognize the value of Basic Technique and he and Hue [sic] B. Logan became close friends soon after.

Dr. Lee is quite a family man, being the father of six healthy boys. Four of his sons served in the army, one, Robert E. Lee, being killed in Europe shortly prior to the cessation of hostilities in that continent. At present, the American Legion Post on the Logan College campus is named after him – the Robert E. Lee Memorial Post 585. The oldest son is pursuing a course in law in Chicago while another is a student at Logan College and expects to graduate this June at convention.

Dr. Barney Lee has been very active in his profession and in the support of Logan College for many years. He has been a member of the Minnesota Board of Chiropractic Examiners for more than fifteen years as well as First Vice-president of the I.B.T.R.I for a good many years with the exception of last term. Dr. Barney was also the charter president of the first all-Chiropractic Toastmasters Club, recently formed in Minneapolis, Minn.

A word here would be in order about the charming Dr. Lucile who has practiced with Dr. Barney Lee for more than twenty years, with

time out only for the six sons. She has worked tirelessly for her family and profession and is loved by many, respected by all.

We who know Dr. Barney know that his heart may be an Irish one, but his soul belongs to chiropractic; and though he may have kissed the Blamey stone, he spares no one when it comes to straight talk and truth.

1950 (Sept): JNCA [20(9)] includes:
-George F. Kelley, D.C. of White Bear Lake MN, VP of NCA, authors “Your obligation and duty” (p. 8)

1950 (Oct): JNCA [20(10)] includes:
-George F. Kelley, D.C., VP of NCA, authors “Support your association” (p. 8)
-full page ad for NCA accredited institutions (p. 27); “List of Accredited Colleges” includes: CMCC, Carver, CINY, Cleveland, Lincoln, Logan Basic, LACC, Missouri, National, NWCC, Texas, WSCC

1950 (Nov): JNCA [20(11)] includes:
-George F. Kelley, D.C., VP of NCA, authors “The detriments of wasted energy” (p. 8)
-George A. Smyrl, D.C., president of NCA, authors “Personnel listing of committees of the National Chiropractic Association” (pp. 31, 70); includes:

Committee on Chiropractic History
Dr. James N. Firth, Chairman, 633 N. Pennsylvania Ave., Indianapolis, Ind.; Dr. Lillard T. Marshall, 313 Citizens Bank Bldg., Lexington, Ky.; Dr. A.B. Cochrane, 39 S. State St., Chicago, Ill.; Dr. C.E. Schillig, 514 Riverdale Drive, Glendale, Calif.; Dr. C.M. Kightlinger, 152 W. 42nd Street, New York.

Committee on Educational Standards
Dr. E.H. Gardner, Chairman, 2757 S. Vermont Ave., Los Angeles, Calif.; Dr. W.B. Wolf, 207 W. Main St., Eueka, S. Dak.; Dr. N.E. Osborne, 2 Broadway, Hagerstown, Md.; Dr. G.A. Bauer, 1608 Bull Street, Columbia, S.C.; Dr. John J. Nugent, 92 Norton Street, New Haven, Conn...

Committee on Clinical Research
Dr. C.O. Watkins, Chairman, Richland National Bank Bldg., Sidney, Mont.; Dr. Lee H. Norcross, 610 S. Broadway, Los Angeles, Calif.; Dr. J.B. Wolfe, 2222 Park Avenue, Minneapolis, Minn...
-full page ad for Northwestern College of Chiropractic (p. 55)

1950 (Nov): The Record [2(11)] (“Monthly publication of Carver Chiropractic College” at 521 N.W. 9th Street, Oklahoma City OK) includes:
-letter dated 11 September 1950 from John W. Schwietert, D.C. of Sioux Falls SD (NWCC Class of 1949) to The Record, praising the journal (p. 5)

1950 (Dec): JNCA [20(12)] includes:
-full page ad for Northwestern College of Chiropractic (p. 51)

1951 (Mar): Chirogram [21(3)] includes:
-photograph of Council members in Glendale (p. 20); Henry C. Harring is third from right in front row:

1951 (Sept): Chirogram [21(9)] includes:
-George F. Kelley, D.C. of White Bear Lake MN, president of NCA, authors “New president looks forward to another year of service to NCA members” (p. 7)
-Thure C. Peterson, D.C., authors “Progress at Council meetings in Detroit” (p. 32); in attendance are:
-Joseph Janse, D.C., N.D., president of National & secretary of the Council
-James Firth, D.C., president of Lincoln
-H.C. Schneider, D.C. of NWCC
-Rudy O. Muller, D.C. dean of CMCC
-Lee Norcross, D.C., N.D., associate dean of LACC,
-Carl Cleveland, D.C. of CCCX
-Paul Parr, D.C., president of Carver College
-W.A. Budden, D.C., N.D., director of WSCC
-Ralph Powell, D.C., president of Kansas College of Chiropractic
-H.C. Harring, D.C., M.D., president of Missouri
-William N. Coggins, D.C., dean of Logan
-Ben L. Parker, D.C., dean of Texas College
-Dr. Robert A. Bohyer of UNHA
-Edward H. Gardner, president of Accrediting Committee
-George Bauer, D.C., member of the Accrediting Committee
-Norman E. Osborne, D.C., member of the Accrediting Committee
-Walter B. Wolf, D.C., member of the Accrediting Committee
-John J. Nugent, D.C., NCA director of education and member of the Accrediting Committee
-William W. Percy, D.C., secretary of California BCE
-Dr. Orin Madison, president of the Michigan Board of Basic Science Examiners

1951 (Dec 28): letter from Paul O. Parr, D.C., president of Carver Chiropractic College, on college stationery; this will lead to the formation of the NAACSC (in my Carver files):
TO ALL CHIROPRACTIC SCHOOLS AND COLLEGES ON THE NORTH AMERICAN CONTINENT:

After considerable discussion with the heads of other schools at the last several State Association meetings and much correspondence in the last sixty days, it seems to have fallen my lot to extend to you an invitation to attend a meeting, the date for which is tentatively set as March 8, 1952, the location for which is tentatively set for Chicago, since it is centrally located and has excellent transportation possibilities.

The purpose of this meeting is the discussion of school problems by school men. You are cordially invited to be represented by any or all bona fide representatives of your school. We urge that you be represented by at least one of your clear-thinking, forward-looking authorities.

In recent correspondence with deans and presidents of chiropractic colleges I have made many suggestions as to possibilities of organization of schools, etc. I had thought at first that I would include in this invitation a proposed outline for a school organization.

I had even thought of stating my position as to having another accreditng association, but I have been advised by the president of one of the chiropractic colleges that this might be taken on the part of some of you as meaning that decisions have been made, when they have not. Should like to quote three sentences from this great educator’s letter to me:

“I feel the only thing that is needed is an invitation to the schools to attend a called meeting, which would contain a designated place and time to consider mutual problems for the benefit of all.

At the conclusion of such a meeting an association of chiropractic schools and colleges might be formed if that was the consensus of opinion of those in attendance. By this I mean that any action that might be taken and the nature of any association that might be formed would entirely depend upon those attending the meeting.”

It is a little difficult for me to inculcate in this letter the urgency I feel without discussing some of the problems of endangering the proposition by giving the impression that conclusions have already been formed. So, again let me invite you and even strongly urge you that in the interest of unity and advancement of our profession and toward the goal of better health services for our people, please, let us once get the brains of the school business into a close-harmony meeting.

Sincerely yours,...

POP:bp

1952 (Feb): JNCA [22(2)] includes:

- cover photo of Robert Ramsay, D.C.
- L.M. Rogers, D.C authors bio-sketch of Robert Ramsay, D.C. (p. 6):
  It gives us great pleasure this month to honor Dr. Robert Ramsay, of Minneapolis, Minnesota, president of the National Council of Hospitals and Sanitaria. Dr. Ramsay was born in Ireland in 1880 of Scottish parents. He is one of twelve children, all of which were raised on a very large estate.

  His preliminary education was obtained in both Ireland and Scotland. Having been turned down by his “first love,” he found it difficult to remain in Ireland and chose Canada as his new country. He located 175 miles west of Winnipeg with the intention of homesteading on a farm. Instead, he read considerably concerning life in the United States and decided to change locations.

  In 1903 he moved to Minneapolis. He has lived there ever since, with the exception of time taken for travel and broadening his education.

  Shortly thereafter, Dr. Ramsay received several treatments from an osteopath for a back ailment. He was deeply impressed by this method of healing, and decided to study osteopathy until a friend, who was studying chiropractic, convinced him to do the same.

  After studying in various schools for three years, he opened his first office on a farm in Indiana where he enjoyed successful practice. On May 1, 1908, he opened an office in Minneapolis where he has practiced successfully for forty-three years. On September 1, 1908, he opened the Minnesota Chiropractic College which he owned and operated until 1935. He then sold the college, but remained in the capacity of its president until World War II when the college was closed.
In 1920, Dr. Ramsay opened a hospital in order that his students could receive hospital and bed-side experience. This hospital has continued to operate ever since its inception.

Dr. Ramsay has been very active in all county and state activities and has spent much time in the interests of beneficial chiropractic legislation. He was elected president of his state association in 1940 and was local convention chairman when the NCA held its national convention in Minneapolis the same year. He also served as NCA state delegate for many years. He is one of the contributing founders of the Chiropractic Research Foundation and is honored with fellowship in the International College of Chiropractors.

Dr. Ramsay takes his education seriously, having taken from one to three postgraduate courses each year since his graduation in 1903. In 1913, he traveled half way around the world and was baptized in the River Jordan one-half mile from where Jesus was baptized. This year he was presented with a photograph of the baptismal service by Dr. Clinton E. Rash, who accompanied him on the trip, and who is chaplain at the Leprosy Hospital at Carville, Louisiana.

Dr. Ramsay has one son, George, who also is a chiropractor, having practiced with his father for four years, but now has his own practice in Minneapolis.

So it is our pleasure to honor you this month, Dr. Ramsay, in appreciation for your pioneering spirit and your many contributions to your chosen profession.

-N.H. Lidenberg, D.C. of St. Paul MN authors “How your patients can help you in your public relations program” (p. 10)
Dave Palmer formally took over as president of Palmer College at these August 1961 investiture ceremonies. Left to right in back row are Robert N. Limber DC, president of Atlantic States Chiropractic College; William N. Coggins, D.C., president of Logan Basic College; Ernest Napolitano, D.C., president of Columbia Institute of Chiropractic; Carl S. Cleveland, Jr., D.C., president of Cleveland Chiropractic College of Kansas City; John B. Wolfe, D.C., president of Northwestern College of Chiropractic; Thure C. Peterson, D.C., president of the Chiropractic Institute of New York. Left to right, middle row: Robert N. Thompson, D.C., M.P., president of Canadian Memorial Chiropractic College; George Haynes, D.C., M.S., administrative dean of the Los Angeles College of Chiropractic; Carl S. Cleveland, Sr., D.C., president of the Cleveland Chiropractic College of Los Angeles; Joseph Janse, D.C., N.D., president of the National College of Chiropractic; Dr. Millard Roberts, president, Parson College, Fairfield, Iowa. Left to right, front row: Dr. Conrad Bergendorff, president of Augustana College in Rock Island, Illinois; Dr. Palmer; Very Rev. William W. Swift, D.D., dean of Trinity Episcopal Cathedral, Davenport; Arthur G. Hendricks, D.C., president of Lincoln Chiropractic College.

1961 (Dec): JNCA [31(12)] includes:
- Devere E. Biser, D.C., president of COSCEB, authors “Committee on Education meets” (p. 54) (in my NBCE file):

  Considerable progress toward a united front in the educational field was made at a meeting of the General Committee on Chiropractic Education, in Chicago, November 11 and 12. Agreement on a basic minimum curriculum was regarded as something needed very much for many years by all chiropractic colleges. A standard form for transfer of class credits, grades and hours between colleges and the various state examining boards was worked out. Another important step was the agreement to create a National Board of Chiropractic Examiners.

  The Council of State Chiropractic Examining Boards was responsible for the conference. For some time the Council has felt it could be a strong factor in getting the NCA and ICA Educational Commissions together in an effort to iron out some of the problems. It was finally agreed that a committee of three men from the Council—indeed the officers—and three members of the other two Educational Commissions would be the best procedure to follow.

  Present from the ICA Education Commission were Dr. William N. Coggins, president of the Logan Basic Chiropractic College, St. Louis; Dr. Ernest G. Napolitano, president of the Columbia Institute of Chiropractic, New York; and Dr. Kenneth Cronk, acting dean of the Palmer College of Chiropractic, Davenport. Representing the NCA Council on Education were Dr. George H. Haynes, dean of the Los Angeles College of Chiropractic, Glendale; Dr. J.B. Wolfe, president of the Northwestern College of Chiropractic, Minneapolis; and Dr. Joseph Janse, president of the National College of Chiropractic, Chicago. The Council members present were Dr. Devere E. Biser, president (vice-president of ICA), Dallas, Texas; Dr. R. Dwayne Moulton, vice president (president-elect of NCA), Boise, Idaho; and Dr. Gordon L. Holman, secretary, Cheyenne, Wyoming. Dr. Biser presided and Dr. Holman kept the minutes of the meeting.

  All official actions taken at this meeting must be passed upon favorably by the Education Commission of the ICA and the National Council on Education of the NCA and then approved by their respective boards of the ICA and the NCA before the plans can be activated. However, the Council is setting up machinery to explore the feasibility of creating a National Examining Board. Most other professions have active national examining boards, which are working with the state examining boards.

  It is fully realized it will take time to ratify these proposed plans and the action steps will not be functioning for some time. The General Committee definitely feels this conclave is a good pilot for more such meetings. This conference was a most harmonious, fact-finding, cards-on-the-table affair participated in by doctors of chiropractic trying to produce unified action on the educational front.

  A meeting is being planned in the near future to discuss other problems in the educational field such as the standardization of textbooks.

Dr. Janse stated that the total responsibility of this concern resides in the membership of our profession in the field. It is their responsibility to make the practice of Chiropractic more attractive, more rewarding, more secure, more insuring; so that the young man or woman that contemplates chiropractic as a career will not concern him or herself about one or two years of pre-professional requirement because the end result is so charged with the dynamics of invite, of proper professional status, that the sacrifice will be made without any question. The ACA colleges have committed themselves.

Dr. Haynes stated that they came to this decision not because they felt there was something to gain monetarily for the schools, but with the idea that we as schools are facing a very difficult program. We know we are threatened with death as schools, that it is going to mean hours of...

- “College reports: Northwestern College” (p. 36)

1967 (July/Aug): Digest of Chiropractic Economics [10(1)] includes:
- “Minnesota Bd. of Examiners face testimonial advertising dispute” (p. 11):
  Four Minnesota chiropractors successfully enjoined the Minnesota Board of Chiropractic Examiners from further action taken against them for testimonial advertising. The Minnesota Board of Examiners revoked the licenses of four Minnesota Academy of Chiropractors members. These injunctions will keep the doctors in practice until it is resolved by the court.
  The Board of Examiners concluded testimonial advertising was a “guaranty to cure.” The advertising was approved and distributed by the Minnesota Academy of Chiropractors.
  In a cross complaint signed by the Minnesota Academy of Chiropractors against the Minnesota Board of Examiners alleges that: 1) all board members are in violation of 148.10 of the Minnesota Chiropractic Act for distributing or causing to be distributed advertising that guarantees to cure, 2) they are showing prejudice against certain chiropractic schools for asking questions on physical therapy.
  This court action is in addition to legal action by a Minnesota chiropractor alleging libelous and slanderous statements by board members for $275,000. A Declaratory Judgment proceedings has also been brought against the Minnesota Board of Chiropractic Examiners.

1967 (Nov/Dec): Digest of Chiropractic Economics [10(3)] includes:
- “College reports: Northwestern College” (p. 36); notes NWCC is “ Provisionally Accredited” by ACA Council on Education
- “Dr. Whittenberg... was chiropractic pioneer” (p. 58):
  Dr. Oma W. Whittenberg, age 82, passed on October 16th at San Antonio, Texas and was buried October 18th from Boerne, Texas.
  Dr. Whittenberg is survived by his widow, Mrs. Myrtle Whittenberg; two daughters, one son, four brothers and two sisters.
  He had a very active career in Chiropractic, having graduated from The Palmer College [sic] in 1913; entered practice in Minnesota; and in 1929 served as President of the Midwest College in Minneapolis. He headed the public relations department of Minnesota State Chiropractic Association for many years; and also served as chairman of their Legislative Committee.
  From there he moved to Texas and practiced at Uvalde some seven years, after which he joined the Staff of The Concept-Therapy Institute in San Antonio and served as Public Relations Director and Instructor until the date of his death.
- Tom F. Greenawalt, D.C., president of the Iowa Chiropractic Society, Inc., authors “State digest report: Iowa” (pp. 61, 63); includes photograph of Dr. Greenawalt:

Chiropractic took another step forward with the third annual career day at Des Moines, Iowa, on Sunday, October 15th. Over 70 students of senior high school and junior college age attended this special day as guests of the Iowa Chiropractic Society. The morning program included such topics as “The Educational Requirements of a Doctor of Chiropractic,” presented by Dr. Wm. Chapel, the new president of Lincoln College, and “Scholarships, Loans and Student Employment,” discussed by Dr. John Miller, director of education at Palmer Chiropractic College. The topic, “Rewards of a Professional Career,” was ably handled by a past president of the I.C.S., Dr. R.O. Masters, Sr.

Dr. J. LaMoine DeRusha, the dean of Northwestern College, told the students of housing and dormitories in our chiropractic colleges. The noon luncheon was held in the grand ballroom of the Fort Des Moines Hotel, where the students met the president of the I.C.S., Dr. Tom Greenawalt, who acted as M.C., and with the doctors and wives, enjoyed the wit and sound advice of Dr. James Parker.

The afternoon session included a discussion of the extra-curricular activities of college life including clubs, fraternities, sororities, etc., by Mrs. Eddie Page of Cleveland College. The director of admissions at National College, Dr. R.P. Beideman, ably discussed chiropractic internship and post-graduate study.

The field of research on the profession was handled by Dr. Fred Gehl, clinic director at Logan College. The program concluded with a panel discussion, moderated by Dr. Donald Strutt, of questions submitted by the students. The panel included all the program speakers of the day.

This program is in its third year and has seen an ever-increasing interest from Iowa students. The success of this program should give all other states cause for thought, as the future of our profession is directly dependent on new students for our colleges. What better way than THIS to reach that goal. Should this program be instituted on a national scale, the benefit to he colleges, the profession, and the general health of our nation would advance by one giant step.

1968 (Jan/Feb): Digest of Chiropractic Economics [10(4)] includes:
- “Minnesota court reverses Bd. of Examiners’ ruling” (p. 8):
“Cannot Revoke License For Use of Testimonial Advertising” says Judge

On December 22, 1967 Hennepin County District Court ruled that the Minnesota Board of Chiropractic Examiners had no power to revoke the licenses of four chiropractors because they used testimonial advertising.

The court said the Board Interpretative Rules under which the licenses were revoked was invalid because it prohibits conduct that was not contrary to state law.

The Judge said testimonials from persons indicating they were cured by chiropractors did not assure the “positive cure of any disease.” The Court also declared invalid the Board’s requirement that chiropractors attend conventions of certain chiropractic societies or take renewal courses in order to renew their licenses to practice. The Court further admonished the Board for such a requirement because it was beyond the powers of the Board and was “arbitrary and capricious.”

The Court further indicated “no sound basis in law” for a distinction in advertising as a group or individually.

The Minnesota Academy of Chiropractors which supported the four chiropractors whose licenses were revoked, further contended the State Board of Chiropractic Examiners was dominated by the Minnesota Chiropractic Association and was unduly prejudiced.

Anti-trust laws were being studied by legal counsel for the Minnesota Academy of Chiropractors to see if anti-trust violations are involved, according to a spokesman for the Academy.

1968 (Sept/Oct): *Digest of Chiropractic Economics* [11(2)] includes:
- “College news: Northwestern College of Chiropractic” (p. 43) notes that FCER has awarded NWCC $18,631.80 for 1968-69

1969 (Mar): *ACA Journal of Chiropractic* [6(3)] includes:
- “Minnesota” (pp. 61-2) includes photos & text:
  - Dr. Walter H. Hedberg passed away on August 29, 1968. Dr. Hedberg was licensed to practice chiropractic in the state of Minnesota in 1925 and spent the remainder of his life in the city of St. Paul. He was a past president of the Minnesota Chiropractic Association.
  - Dr. Hedberg was a member of the board of directors of Logan College of Chiropractic for twenty years. Perhaps one of his most significant contributions to the profession was his student recruitment record. It may be conservatively stated that he was influential in guiding over fifty students into chiropractic colleges. Many of these former students are presently outstanding leaders in the profession.

Many hours of Dr. Hedberg’s lie were given to his church and the YMCA. He served on his church’s council and headed many committees and projects. His love and concern for under-privileged boys was partly satisfied through his work in the YMCA. He was a past president of the International Y’s Men’s Club of St. Paul.

Surviving are his wife, Elsie; a daughter, Mrs. Owen Wallin (Marcia), St. Paul; and three grandchildren.

Dr. George F. Kelley of St. Paul, passed away on January 3, after a lengthy illness. He was a 1923 Palmer Chiropractic College graduate. He practiced at Preston, Minnesota until 1926 when he moved to St. Paul.

He was very active in civic and Masonic affairs, a past president of The Ramsey County Chiropractic Association, and a past president of The Minnesota Chiropractic Association. He was the Minnesota delegate to the National Chiropractic Association for five years. He served as president of The National Chiropractic Association in 1952.

He was a World War I veteran having seen active service. He received the Silver Star, Bronze Star, Victory Medal, and Purple Heart.

He is survived by his wife, Dorothea, and four brothers.

1970 (Mar/Apr): *Digest of Chiropractic Economics* [12(5)] includes:
- Leo R. Majewski, D.C. of Minneapolis MN authors “New Minnesota ruling on scope of practice” (p. 60):
  - On October 21, 1969, the attorney general of Minnesota, in response to a request by the medical board issued an official opinion relative to the practice and scope of chiropractic.
  - The ruling was very lengthy and was based on a number of supreme court precedents in several states. In the following five paragraphs a resume of the salient points of the opinion will be covered.
    - **Point number one**: a chiropractor cannot refer to himself as a physician under penalty of prosecution or an injunctive proceeding brought by the medical board.
    - **Point number two**: a chiropractor cannot use a diagnostic or therapeutic technique which is not reasonably adapted to the diagnosis or treatment of a condition within the scope of his license. With this in mind the use of x-ray for diagnostic or analytical purposes of articulations is permitted.
    - **Point number three**: a chiropractor cannot use non-food dietary supplements or vitamins. He may sue dietary guidance in a given case if it is a clear integral part of the treatment of abnormal articulations authorized by the chiropractic statute which defines chiropractic “as being the science of adjusting any abnormal articulation of the human body, especially those of the spinal column, for the purpose of giving freedom of action to impinged nerves that may cause pain or deranged function.”
    - **Point number four**: a chiropractor who is not also a registered physical therapist cannot legally refer to himself as such nor can he designate any treatment which he administers as physical therapy.
    - **Point number five**: a chiropractor could use some of the techniques of physical therapy but whether the overlapping treatment which a chiropractor who is not a physical therapist administered in a given instance fell outside the permissible scope of his practice would be a question of fact to be determined on a case by case basis.

A recent industrial commission ruling coincided with the above opinion and no payment was allowed for infrared or electric muscle stimulation therapy. Payment for x-rays, diagnostic physical examination and adjustments was allowed. The case is being appealed by both sides, the chiropractic side on non-payment of physical therapy and the insurance company on the entire ruling with the hope of entirely eliminating chiropractic from the workmen’s compensation act.

In January a district court judge held hearings on an action brought against a chiropractor by the medical board of examiners.
The FDA originally began this action in 1966. This is a class action in which the medical board is seeking an injunction to prevent chiropractors from employing diathermy, ultrasonic and galvanic therapy in their practices. If the injunction is granted, it will spell the end of physical therapy in chiropractic offices in Minnesota. The chiropractic association will probably attempt to broaden the scope of chiropractic at the next legislative session.

1970 (May): ACA Journal of Chiropractic [7(5)] notes:

- "Resume of State Reports" (pp. 17-27); includes:
  MINNESOTA...

Northwestern College Recognized

Northwestern Chiropractic College, has had a most exciting opportunity this past year. Through the strenuous efforts of their President, Dr. John B. Wolfe and the coordinated efforts of Dr. John Fisher of the American Chiropractic Association, they were privileged to be accepted on an equal basis as pre-medical and pre-dental students at the College of St. Thomas. The students will study the disciplines of the Basic Science subjects and earn the credits from this college, that has been accredited by the North Central Accrediting Agency since 1911. This is indeed a milestone for the Chiropractic profession and could very well serve as a method of achieving the accreditation of our total Chiropractic colleges where limited facilities and PhD faculty is not financially feasible. This educational luxury of course, demands a two (2) year pre-requisite science college requirement, and therefore will cause further limitations in the selected enrollment requirements from Northwestern and will again place a financial burden on this small Chiropractic college. However, it is truly believed by the profession and members of the Minnesota Chiropractic Board of Examiners, that the benefits and quality of this type of graduate, will be a great asset to the legal endeavors that we are continually encountering in our State.

- "The Official Report on the Council on Chiropractic Education" (pp. 12-14); includes:
  The President called on Dr. Orville [sic] Hidde a member of the Accrediting Commission to give the Official C.C.E. Report. (see Exhibit 4) (Page 28)

  Dr. Hidde then read a letter from Casper Weinberger, Secretary of Health Education and Welfare which was addressed to the chairman of Medical Education of the American Medical Association. This letter was in response to an appeal from the American Medical Association directly to Casper Weinberger going over the head of the United States Office of Education and requesting Mr. Weinberger to nullify the recognition of C.C.E. as an Official Accrediting Agency for the Chiropractic profession. That letter follows:
  March 27, 1975
  C.H. William Ruhe, M.D.
  Secretary, Coordinating Council on Medical Education
  535 N. Dearborn Street
  Chicago, Illinois 60610
  Dear Dr. Ruhe:

  This is in response to your letter of November 14, 1974 requesting that I review the August 26, 1974 decision by the Commissioner of Education recognizing, for a period of one year, the Accrediting Commission of the Council on Chiropractic Education as an accrediting agency. Please accept my apology for the delay in responding.

  As you know, Section 1201 (A) of the Higher Education Act of 1965 (20 U.S.C. 1141 (a)) provides that the Commissioner (of Education) shall publish a list of nationally recognized accrediting agencies or associations which he determines to be a reliable authority as to the quality of training offered. It was pursuant to this authority that the Commissioner made his August 1974 decision.

  This decision of the Commissioner to list the Accrediting Commission of the Council on Chiropractic Education was made only after careful deliberation of all arguments both for and against recognition. The record reveals that prior to the Commissioner’s decision, representatives of the American Medical Association reviewed the petition submitted by the Council on Chiropractic Education, submitted written material in refutation of the petition and appeared at the March 1973 meeting of the Commissioner’s
Advisory Committee on Accreditation and Institutional Eligibility to challenge the petition. The petition was subsequently denied and an appeal by the Council on Chiropractic Education to Commissioner was denied in October 1973.

The petition was later reactivated by the Council and supplementary data were filed. Representatives of the American Medical Association appeared again at the May 1974 hearing before the Advisory Committee on Accreditation and Institutional Eligibility and protested the reactivated petition. The American Medical Association also met privately with the Commissioner prior to his final decision to recognize the Accrediting Commission of the Council on Chiropractic Education.

I recognize the seriousness which you attach to this matter and the earnestness with which you have pressed your views. The authority for recognizing accrediting agencies rests by statute in the Commissioner of Education, and I believe the process by which the Commissioner reached his decision was fair to the parties concerned. I also note that the Accrediting Commission of the Council will be reviewed for renewal of recognized status in September 1975, and that the American Medical Association will have an opportunity to make presentations regarding that matter.

After considering the viewpoints set forth in your letter of November 14, I have concluded that further action on my part regarding the Commissioner’s decision is not warranted at this time...

Dr. Hidde then submitted to questions from the floor… Dr. Hidde then stressed the importance of the various state boards recognizing the C.E.C. Standards either by Statute or by administrative rule, it would be helpful if by the latter part of the summer, probably August, they would send a letter of intent to C.E.C. stating that they have adopted a resolution and are preparing to accept the C.E.C. Standards. This would be most helpful to the C.E.C. when they go in for review of their H.E.W. approval in September.

- “Dr. Thomas R. Aasum” (p. 9); obituary includes photo & text:

  It is with deep regret that we must report the passing of Dr. Thomas R. Aasum of Corvalis, Oregon on August 19, 1975. Dr. Aasum was widely known throughout the profession as a practitioner since 1936 after his graduation from Northwestern [sic] College of Chiropractic. He was equally well-known for his many articles on the subjects of advertising and professional public relations. The most recent of his writings, prepared just before his demise, is printed in this edition on Page 27.

Dr. Aasum is survived by his wife, Vivian; four children, Dr. James Aasum of Corvalis; Tom Aasum of Albany, New York at whose funeral home Dr. Aasum’s memorial services were held on August 23rd; two daughters and eight grandchildren.

In lieu of flowers and as a tribute to Dr. Aasum’s deep interest in the education of young chiropractors, any memorial contributions should be sent to the Thomas Aasum Chiropractic Scholarship Fund, 277 NE Conifer Blvd. 11, Corvalis, Oregon 97330.

Dean’s Conference, October 1, 2 and 3.  Back Row: Dr. Lankau (Logan), Dr. Miller (Palmer) and Dr. Allenburg (Northwestern).  Front Row: Dr. Stern (Columbia), Dr. Cleveland III (Cleveland), Dr. Murphy (WSCC).

...Vice President and Deans of Academic Affairs from six chiropractic colleges met October 1-3 on the Palmer College campus to discuss an agenda for the forthcoming conference of all Academic Deans.  This conference is to be held in San Francisco during the last week of January 1977.  Among the problems discussed were transferability of credits, diversity of state licensing board requirements, possible exchange of faculty among chiropractic colleges, increased standards for admissions and other topics.

Doctors Miller (Palmer), Stern (Columbia) and Murphy (WSCC) were elected by the full conference of Deans in Houston as a steering committee to organize an association of Chiropractic Colleges.  Due to the proximity of the Palmer campus, Doctors Lankau (Logan), Cleveland III (Cleveland), and Allenburg (Northwestern) found it convenient to participate in this conference...

Dear Dr. Goodman:

After our telephone conversation yesterday, I realized I had failed to advise you that the Family Physician is happy to publicize our classes.  We do this for both Los Angeles and Northwestern Colleges.

The magazine is mailed the first of every odd month.  There is a lead time for copy of one month so you should get your material in ample time to be included in the issue you wish.  If you will advise
the magazine of the dates of your classes, this can be continuously published.

As I indicated, we will do all we can to help your organizing efforts. When the classes start please keep us informed and we will assist in providing instructors with sufficient clinical experience to keep the class interesting. You have our guidelines and we will always be ready to assist.

This council believes that the main emphasis should be on pragmatic instruction. Diagnosis should be covered in depth both with orthodox methods as well as those systems peculiar to this profession that have proven successful for functional diagnosis.

We wish you well and appreciated the opportunity to talk to you.

Sincerely,…

cc: Dr. Wilson; Dr. Wiehe; Family Physician

1980 (Nov): ACA Journal [17(11)] includes:

- "Northwestern gets gift": includes photos of Daniel Gainey & Dr. Edward L. Wallick, NWCC trustee (p. 33):
  Northwestern College of Chiropractic has received a half million dollar gift from the Daniel C. Gainey Estate. Dr. John B. Wolfe, President of the College made the announcement.
  Dr. Edward L. Wallick, Eagle Lake, Minnesota was the person most responsible for this significant gift. He was on the board of trustees when Northwestern College of Chiropractic was chartered in 1941 and remains a member today. Gainey became a patient of Dr. Wallick’s in the early 1950’s. Dr. Wallick spent much time in acquainting Gainey with Northwestern College of Chiropractic.
  In acknowledging this gift President Wolfe said, “Ed Wallick is a man of vision whose interest in and concern for this college is unsurpassed. Dr. Wallick’s efforts have provided significant help as we progress toward the ultimate goals of this institution.”
  This gift together with other designated funds will help the college in its acquisition of a new campus.
  Daniel C. Gainey was chairman of the board and chief executive officer of Jostens, Inc. from 1933-1968 and chairman of the board emeritus until his death in April 1979. He began his employment at Jostens in 1922. Jostens grew from a small watch repair shop in Owatonna, Minnesota to the multi-million dollar corporation it is today under Gainey’s leadership.
  For at least 30 years of his life Gainey lived about 4 lives concurrently. While he was building Jostens, he was also serving National Republican causes, higher education and the Arabian Horse Registry of America.

1991 (Jan): *ACA Journal of Chiropractic* [28(1)] includes:
The Health Provider will communicate the significant role that DCs now have in the managed care marketplace.

Publishing The Health Provider is the latest in a series of actions NCMIC has taken in response to the growing managed care industry. In a separate announcement, NCMIC, along with the National College of Chiropractic and Northwestern College of Chiropractic, are co-sponsoring the new Comprehensive Chiropractic Managed Care Self-Assessment Program (CCMC-SAP). This continuing education program is intended to help first-contact DCs deliver comprehensive, high-quality, cost-effective patient care and manage malpractice liability risk. Additionally, the CCMC-SAP is designed to fulfill post-graduate education credentialing and quality management obligations that may be required by some managed care and integrated practice organizations. The CCMC-SAP was developed by the national multidisciplinary faculty of the Healthcare Education Associates, and independent education organization with 27 years of experience in post-graduate, competency-based continuing medical education for physicians.

1998 (Dec 1): according to Gerard Clum DC (internet message, 12/5/98):

On December 1, 1998, Dr. John Wolfe, Sr., the founder and original president of Northwestern College of Chiropractic, was laid to rest in St. Paul, Minnesota. Dr. Wolfe retired as president of the College in 1984 following 43 years of dedicated service as the College's President. In the early days of Life West, I had the pleasure of meeting and getting to know Dr. Wolfe. He was razor sharp, was not prone to a lot of talking and said what he meant and meant what he said. Our sympathies are extended to his family as well as to the College he loved.

2003 (Apr 27): e-mail from Barrett Swink (bswink38@starpower.net):

Dear Dr. Keating

I am researching my wife's family history and was referred to you by Dr. John Wiens. My wife's father, Charles B. Anderson, was a chiropractor in Minnesota from 1927-1965. We have a picture of him and the 11 other members of the staff of the Ramsey Hospital located at 70-74 Willow St., Minneapolis; probably taken in the 1930's. I would like to know more about this hospital and, if possible, when Dr. Anderson served there and in what capacity.

Any help that you can give will be very appreciated. Thank you for your prompt attention.

Yours truly, Barrett Swink
